14th Feb vibes was amazing

I recently stayed at gaas baas , and it was one of
the best hotel experiences I've ever had . The
room was spacious and comfortable, and the
amenities were top notch in 14th February. Dec-
orations was lovely. The staff was friendly and
the room was comfortable.

Super cool environment that feels like NY. We enjoyed
the music and the food was presented very well. We
found the prices affordable however some items on the
menu weren't available

I am Thai and have been to Nepal four times in two
years. Each time I stay here for almost a month. And
every time I come, I always choose to stay here. It is like
my second home 🏠 caz all the lovely staff are always
welcome soo good and provide good service, especially
Milan and Nabin 😊 Thanks for the great stay and
lovely staff. The design of the hotel here is amazing. It
ticks all the boxes. GaasBaas is my favorite thing in Ne-
pal. 🍷🍷

Supper Club is an excellent place. Great ambience with amazing sound
systems and bands. Drinks here are one of the best you can find in
Nepal, coffee lovers the coffee here is excellent. The dance floors takes
you back to 90's and make your body move like you've ever.

It all started at purple haze when we saw a Notice ! The ambience
was on different level just as we enter the lift. We were offered to
try the new menu "dancer grill" which was a gourmet 🍷🍷 Then
we enjoyed our night away at the club. A must place to visit.
